

Medigold Health Cookie Policy

What are cookies?

Like many websites, this site uses cookies. Cookies are small files that collect information about how you browse the site so we can improve your website experience.

This page describes what information they gather, how Medigold Health uses it, and why we sometimes need to store these cookies. It also tells you how you can prevent these cookies from being stored.

Google analytics cookie usage

The Medigold Health website uses Google Analytics to help us understand how you use our site. Google Analytics is one of the most widespread and trusted analytics solutions on the web. We use cookies to track how long you spend on the site and the pages that you visit so we can continue to produce engaging content.

First party cookies are used in analytics.js to distinguish unique users in anonymous form and throttle the request rate.

Cookie name	Expiration time	Description
_ga	2 years	Used to distinguish users
_gat	10 minutes	Used to throttle request rate

For more information on Google Analytics cookies, see the official Google Analytics cookie page at:

<https://developers.google.com/analytics/devguides/collection/analyticsjs/cookie-usage>

Disabling cookies

If you want to restrict or block the cookies we set, you can do this through your browser settings (see your browser Help for how to do this). Do be aware, however, that disabling cookies may affect some functionality of this website - and other - websites you visit.

For this reason we recommended that you do not disable cookies, so that you can continue to enjoy the best experience of Medigold Health.

More information

We hope that this information is useful. If you have any further questions you can always contact us at datarights@medigold-health.com. And we look forward to hearing from you.
